

Until I Don't Love You Anymore

Linda Eder

I reserve the right for once in my life
To lay down in a field of grass
I'll be still and quiet
Just count the stars
From here to Mars
I will hold my breath Until I don't care
Until I am sure
Until I am strong just like before
I will lie beneath the sky
'Til I don't love you anymore Until the stars refuse to shine
And the moon won't come at night
I won't cry, just close my eyes
'Til I don't love you anymore I'd walk through the fire for one last time
Just to stand beside your flame
But what good would that do if I can't have you?
How much longer must I wait? Until I don't care
Until I am sure
Until I am strong just like before
I will lie beneath the sky
'Til I don't love you anymore Until the stars refuse to shine
And the moon won't come at night
I won't cry, just close my eyes
'Til I don't love you anymore Does anybody really know
Why somebody loves someone?
The way that I belonged to only you
If anyone could tell me how
How to go on from now?
I would simply do without you
I'd just count the hours Until I don't care
Until I am sure
Until I am strong just like before
I will lie beneath the sky
'Til I don't love you anymore Until the stars refuse to shine
And the moon won't come at night
I won't cry, just close my eyes
'Til I don't love you anymore Until I don't care
Until I am sure
Until I am strong just like before
I will lie beneath the sky

'Til I don't love you anymore Until the stars refuse to shine
And the moon won't come at night
I won't cry, just close my eyes
Til I don't love you anymore Until I don't care
Until I am sure
Until I am strong just like before
I will lie beneath the sky
'Til I don't love you anymore Until the stars refuse to shine
And the moon won't come at night
I won't cry, just close my eyes
'Til I don't love you anymore
