

# Made In China (feat. Ty Dolla \$ign)

## Victoria Monet

Lady, hey

Yeah!

Our love was made in China

In a house outside the hill, by the ?? Rome

My love was made in China

When you came back from the garden with the silver rose,

Made in China! Made love in China, love is made in China Your love is ?? to me baby

Finnest of fabrics, amazing

Boy you've been breaking me lately

And I try fix it daily!

Picking up stones, taking it slow

Dreaming of peace, sign up below

When ?? ain't work, we may fall

Remember baby

Our love was made in China

In a house outside the hill, by the ?? Rome

My love was made in China

When you came back from the garden with the silver rose,

Made in China! Made love in China, love is made in China Hunted and twisted oh baby

Tarnished and weak when it's raining

We don't belong to this A-thing

It's falling into fight when we should be

Picking up stones, taking it slow

Dreaming of peace, sign up below

When ?? ain't work, we may fall

Remember baby

Our love was made in China

In a house outside the hill, by the ?? Rome

My love was made in China

When you came back from the garden with the silver rose,

Made in China! Made love in China, love is made in China [Ty\$: ]

My love was made in L.A.

She gave me ?? on the freeway

Yeah she bad, but she good what I see

All she wrapped in tele???

Smoked the weed, now I look like I'm from China

She like it when I put my drunk on her v\*\*\*\*a (na na na)

Then I hit her with my 1, 2 (1, 2)

She never tell me what she want
