Life Is So Exciting

Fabolous

[Chorus]It?s the life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting baby
South beach, spent time there, Offshores my time wear
Whole crew got they own watch, nigga we ain?t buying no time shares
The lifestyle, too fly, my new bitch is getting next flighted
I'd say I'm back to the old me, but my old bitches would get excited
Ain?t going back, I?m stepping forward, don?t test me, been prepping for it
Got no time for that hating shit, my young niggas got weapons for it
Got Chief Keefs that ain?t Chop, that bang-bang, that blocker
And all you niggas is blockers, change your name to Ibaka
Shit real, shit been real and shit just get realer
I?m showing bitches my car keys then ask them what?s the dealer
Ain?t saying that?s your girl, ain?t saying shit like prank callers
Cuz it?s a small world and hoes make it even smaller
[Chorus]It?s the life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting baby
It?s beach weather over here, nigga, sky?s clear, nigga
That?s flip flops, that?s Americana, that?s Hilfiger
Yacht masters at the yacht party, sitting at the dock is a drop 'rari
That?s pole position with a joystick, that?s push a button that?s like Atari
Raising the bar, no parallel, so many horses, carousel
I would go loud like a caravan, ghost in the storm, see Caroline

Maryland, tags on it, heroine, bags on it
Hermes, throw pillows, miss only couch and then clash on it
Take a look in my view fine and see seven figures and two commas
I see bad bitches, see blue diamonds, I see saws I two time em'
Gigolo, juggle hoes, jigsaw, I puzzle those
Cross words, cross birds, I cross country with a couple those
[Chorus]It?s the life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting baby
When the sun is out we runs about
Let the world see what this hunneds' about

Ain?t seen this since the one was out
With Jay, Pimp C, and Bun
We?re out here, still pimping that big
Looking that jig, someone go call hype Willie
We need slow mo, more rolls mo
Niggas is drunk and type silly
Dancing like Dame, holding up chains
Got PMBs on big ass board on molly, rolling up Jane
This life is so exciting, that money be so inviting
So fuck with them and then and tell my lawyers keep on fighting
For the life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
Baby life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting
The life, the life, the life is so exciting baby
