Endless Feeling

Sychovibes

[Chris:]There's a time when you stop pretending
And you see there's a new beginning
There's a truth you cant deny
And it come from deep inside
When your heart one day finds a hero
[Jay:]Like a child who is lost, then rescued
There's a light in your eyes that shines through
Simple words can not describe
What the world is trying to find
[Richie:]Have you ever loved someone forever
An endless feeling
Wake up in the morning, see them smiling
An endless feeling
Baby when you look into my eyes
Can you feel this endless feeling
I never felt like this before
In love

[Izzy:]Now I feel, this will last forever
You and I hand in hand together
[Richie:]Unified, side by side, as one love
You're the light shinin down from above
I'm prepared to sacrifice
Just to have you in my life
[Vince:]Have you ever loved someone forever
An endless feeling
Wake up in the morning, see them smiling
An endless feeling
[Jay:]Baby when you look into my eyes
Can you feel this endless feeling
I never felt like this before
In love
