Fade Away

Nils Noa

I'm fallin slowly
I'm falling up from the ground
the whole world below me
I'm watching it roll around/

And into the atmosphere I start to fade away
my fingers are scratching the mirror with razorblades

as I watch the sunrise that's bringing me home again
it's calling me on with its music
my only friend
and we'll fade away

I'm falling slowly
I'm calling but there's no sound
the whole world is golden
as i float around and round

And you're unbelievable but i believe in you
if you'll be my reason
I'll be what you need me to
and we'll fade away
we'll fade away

Watch us escape
it's time to celebrate
it feels so great to slowly fade away

And it changes for you baby
just say the word and make it your way
and we can fall into space

And it changes for you baby
just say the word and make it your way
and we can fall into space

And we'll fade away
we'll fade away

And we'll fade away

we'll fade away
