

Fuck 5-0

Career Soldiers

You say you're here to keep the peace
But look at how you're protecting
By instilling fear and intimidation
By using violence and condemnationHow are we free, pigs rule the streets?
Guns and ammunition, abusing their authority
Given no other choice but to go with the flow
Fuck brutality, fuck 5-0[Incomprehensible] and throw them in jail
Know not to speak out or to entail
Truth, no one will ever know
Fuck brutality, fuck 5-0As the crime rate increases so do weapons
Put us back into segregation
Try to find the actual root of the problem
Disarm your guns, let's all try to solve themHow are we free, pigs rule the streets?
Guns and ammunition, abusing their authority
Given no other choice but to go with the flow
Fuck brutality, fuck 5-0[Incomprehensible] throw them in jail
Know not to speak out or to entail
Truth, no one will ever know
Fuck brutality, fuck 5-0Fuck 5-0Peace cannot kept by force
It only be achieved through understanding
Peace cannot kept by force
It only be achieved through understanding
