

# JUMPING TRAINS

Katie Herzig

We keep chuggin along  
On a road to nowhere  
Nobody's out there,  
I'm not even here anymore  
You're kinda boring me  
You got stuck in your comfort zone  
And it makes me so uncomfortable  
And it's not my fault  
That you're glued to your seat  
I'm sorry.

(chorus)

Our love fell off the track  
Cause you just hold me back  
Baby, your heart is just too strange  
I can't just be your girl  
I need to see the world  
If that's the thing you can't arrange  
Then I'll be jumping trains  
(I'll be jumpin, I'll be jumpin)  
(I'll be jumpin, I'll be jumpin)  
I'll be jumping trains  
(I'll be jumpin, I'll be jumpin trains)  
(I'll be jumpin trains)

Last time we went out I remember,  
Snowflakes on the ground  
But now, I look outside  
On the sunny fields of green  
(ohh)

And I hope for the freedom  
That I once had  
With the wind in my hair  
And my life on track  
Getting cabin fever

I just need the  
Chance to run around  
Our love fell off the track  
Cause you just hold me back  
Baby, your heart is just too strange

I can't just be your girl  
I need to see the world  
If that's something you can't arrange  
Then I'll be jumpin  
Mr. Conductor can you  
Stop this train right now  
cause if I stay here with him  
My life will just slow down  
And a girl like me just needs to be  
Needs to be free  
(I'll be jumpin, I'll be jumpin)  
(I'll be jumpin, I'll be jumpin)  
Our love fell off the track  
No I'm not lookin back  
Baby your heart is just too strange  
I cant just be your girl  
I need to see the world  
If that's something you can't arrange  
Then I'll be jumping trains  
I'll be jumping  
(yeah) Trains  
If that's something you can't arrange  
Then I'll be jumping trains  
(I'll be jumpin, I'll be jumpin)  
(I'll be jumpin, I'll be jumpin)  
(I'll be jumpin, I'll be jumpin)  
(trains)  
I'll be jumping trains
