

# Swimsuits (Featuring Mayer Hawthorne)

## The Cool Kids

This is what should be playin' in them Jeeps  
Swimsuit girls at the pool, beach  
Legs in the water get the sand off her feet  
In town from L.A., So cold in the D  
Went to school in Atlanta, in Chicago for the week  
Friends and their friends can get in SWAT team  
Hot things, hot dames, sunbathe, brastrings  
Hotel beach babes man, I lost both keys  
? Chuck's? room 313  
And it's boomin' scooters, ATVs  
Out in the white parasail, jet skis  
Watching sexy little spicy mamacitas I see ya  
Cash bar only, no need for the Visas  
A lot of girls walk around here in bikinis  
Ay, yeah we do this all day  
Hot tub on the boat, rolling joints by the lake  
Ay, tell her bring the papers  
Twist up the Grape Ape  
Down there, from here put your hands in the air  
Yeah it's our year great view up here?  
And it's looking like I might wanna move around hereHey! I see you flashing me your taillights  
Babe, we can do anything you feel like  
No need to contemplate, put on your swimsuit  
You know I want to babe  
To take a swim with youTwo straws is pokin' out the coconut, I gave her a sip  
Showboating, now I'm all in the mix  
Only toasting purp weed. Degrees in the high 80's  
'Fore I even said "Hi ladies"  
Said I seen you on Collins, The car you was driving  
The lights turned on like eyelids  
Then the light turned green  
And a scene from Ice Cream Man popped up into my head  
When P had the white Lexus, Silkk had the headband  
You and your man's looked like them  
Right then my right hand reached my cell phone  
And I needed her right name to type in  
First name, Mike man, write on the white sand  
That's where you can find me  
I be in the Bahamas

Your girl wanna chill and I drill when I wanna  
The real on the real nigga, keep it a hundo  
With a Cubano finna Mambo  
You see the trunk from the front like Dumbo  
Good drinks, good view from the condo  
Say that ain't a good combo? Hey! I see you flashing me your taillights  
Babe, we can do anything you feel like  
No need to contemplate, put on your swimsuit  
You know I want to babe  
To take a swim with you
