Next To Heaven

Aaron Watson

Pinch me I must be dreaming waking up with you and feeling
The tender touch of your good morning kiss
No where else on earth is better than being next to you
Next to heaven, it doesnt get any better than this(Chorus)
Next to heaven lies my fate, my best friend and my sole mate
God knows this kind of love only comes from up above
Youre the answer to my prayers, nothing else compare
Im next to heaven when I am next to youYou look just like an angel tangled in white satin sheets
Lying there with your hair all in a mess
I swear you look your best all dressed up next to nothing
Next to heaven, it doesnt get any better than thisChorus (x3)
