Milk of Amnesia

Rialto

Milk of Amnesia, you make it easier
So raise a glass in the air and drown out all your cares
Lips round the bottle neck
Soon you gonna forget each and every regret
And let your dreams set sailInside, we're feeling warm, ready for any storm
We ain't got our weather proofs on but we're feeling strong
A belly full of hope, lie back and you will float
Drifting on your dream boat to a distant land
And if we can't make it home, we'll sleep on the paving stonesHappy just to be there, beneath the starlit dome
Milk of Amnesia, you make it easier, milk of Amnesia
Everything's fading fast, forget about the past
Through the bottom of the glass, the world looks far away
