A Piece Of Time

Dannii Minogue

Gimme, gimme
Give me just a piece of time
'Cos you took a long time to find
Call me up on the phone
Color me with all you know
Give me just a piece of time
Find a window in a dirty mind
Baby can you bear the truth
I wanna come clean for you
Give me just a piece of time
(Tell me if your heart is ready)
Give me just time
(I'm waitin', won't you tell me?)
Give me just a piece of time
(I'm coming now)
Give me just a piece of time
(I need you now)
Give me just a piece of time
'Cos you took a long time to come
Call me up on the phone
Color me all you know
Gimme gimme, piece of time
Gimme dirty dirty piece of [Incomprehensible]
Baby can you bear the truth
I wanna come for you
Give me just a piece of time
(Tell me if your heart is ready)
Give me just time
(I'm waitin', won't you tell me?)
Give me just a piece of time
(I'm coming now)

Give me, time
(I need you now)
Give me just a piece of time
(Tell me if your heart is ready)
Give me just a piece of time
(I'm waitin', won't you tell me?)
Give me just a piece of time

(I'm coming now)
Give me just a piece of time
(I need you now)
Tell me if your heart is ready
(Tell me)
Tell me
Tell me if your heart is ready
(Tell me)
Give me just a piece of time
(Tell me if your heart is ready)
Give me just a piece of time
(I'm waitin', won't you tell me?)
Give me just a piece of time
(I'm coming now)
Give me just a piece of time
(I need you now)
Give me just a piece of time
(Tell me if your heart is ready)
Give me just a piece of time
(I'm waitin', won't you tell me?)
Give me just a piece of time
(I'm coming now)
Give me just a piece of time
(I need you now)
