

# Bound By Love

## Gran Bel Fisher

Tip-toeing along the line  
just in case you're not fine  
I'll give in to your needs  
cause they just might be what you need  
Bridge:  
Even though it's unknown  
where the two of us will go  
and what darkness we'll have to see through  
Chorus :  
Cause I'm bound by love  
and I'm thinking of what could be  
where there's a will there's a way  
so will you come out and play  
with me with me?  
Verse Two:  
For every tear that's caused by me  
I'll give you space but you know where I'll be  
waiting just to dry your eyes  
it's so easy to find our way back once we try  
Bridge:  
even though it's unknown  
where the two of us will go  
and what darkness we'll have to see through  
Chorus:  
Cause I'm bound by love  
and I'm thinking of what could be  
where there's a will there's a way  
so will you come out and play  
with me with me?  
Verse Three:  
The motion of emotion  
is the thought I fear  
and the whispers of the future now  
keep drawing me near, keep drawing me near  
Repeat Chorus 2x
