

Freedom

Caldera

How'd you know?
We were made wrong.
The worlds dead to me.
She still made me cry.
The right way to sing.
Almost everything.
I like coffee with cream.
I should never be seen.
That I've fallen asleep.
That I loved you so.
That you make sex so sweet.
Your everything I need.
I like it when I bleed.
This songs, gone on too long.
How'd you know?
