

# i came to hear the music

## Bonnie 'Prince' Billy

I came to hear the music, I came to hear the sound  
The music, God knows it brings me down  
A long, long road from now to then  
I know your song, sing it again 'Cause there's so many things I don't believe I understand  
How the days turn into weeks, turn into months  
The year's become a moment in the ever changing sand  
Did God make time to keep it all from happening at once? All at once I came to love the music before I came to  
be  
To know the music before it came to me  
A long, long time ago, I don't know when  
We sang a song along with the wind And there's so many things I don't believe I'll understand  
Why the days turn into weeks, turn into months?  
And the year's become a moment in the ever changing sand  
Yes, God made time to keep it all from happening at once, all at once I came to be the music
