

# Bad for Us

## Little Texas

You really got a good one in  
You hit me where it hurts  
Just so you wouldn't get the best of me  
I fired back somethin' worse I put you down  
You show me up  
Good for you  
Good for me  
Bad for us We keep goin' around and 'round  
When's it gonna stop  
Real love's not a matter of  
Who comes out on top I won't back down  
You won't give up  
Good for you  
Good for me  
Bad for us It's a game of who's to blame  
And we're keepin' score  
One of us wins the battle  
We both lose the war Still we won't say  
Enough's enough  
Good for you  
Good for me  
Bad for us To proud to say  
Enough's enough  
Good for you  
Good for me  
Bad for us  
Good for you  
Good for me  
Bad for us
