

Hell No

Ingrid Michaelson

I should've known better
I saw her wearing your sweater
Nice glasses, fake red hair, just like me
Stop crying, stop crawling
Can't you see that I have stop falling
We were good at faking forever
I get it, whatever
...
Am I gonna miss you?
Hell no
Baby watch me up and go
Mamma said that the boys like you never work out anyway
(Boys like you)
Girlfriends say "are you gonna be sad
If he calls you up are you gonna take him back?"
I said Hello no, oh, hell no
I get it... whateverStraight up, don't blame you
You're not the cash and I'm not the jewel
Never be the one to make you better
WhateverHell no
Baby watch me up and go
Mamma said that the boys like you never work out anyway
(Boys like you)
Girlfriends say "are you gonna be sad
If he calls you up are you gonna take him back?"
I said Hello no, oh, hell noIn my bed late at night
Thinking of how you held me tight
Will I be lonely when I wake?
Did we make a big mistake?Hell no
Baby watch me up and go
I always knew that a boy like you wouldn't work out anyway
"You gonna take him back?"
Hell no
Baby watch me up and go.
Mamma said that the boys like you never work out anyway
(Boys like you)
Girlfriends say "are you gonna be sad
If he calls you up are you gonna take him back?"
I said Hello no, oh, hell noI get it

Hell no
(I'm not gonna miss you, Oh hell no)
Whatever
Hell no
You gonna take him back?
Oh hell no
