i oh isometimes it's time to
think about it
sometimes it's time to find time
it's not like you really lost it
like a lucky penny or your mind a ghost of you is on her lips
a shattered glimpse of
when you'd play
leaving only silence
on another lonely day but this is not the time
it's not the time to feel
you have your instructions
now you better close the deal step up i said step up
do you hear me
when i'm talking to you
i said step up you stupid little fool
too long in the game to not know
the rules
step up step up step up
don't even think about
thinking about
what you're going to do
step up step up no way
some dimples
going to take you back to school i oh why
i oh why sometimes it's time to
think about it
sometimes it's time to find time
he may be her lucky penny
that she'll never get to shine the streets between
them are melting
as he puts together the
bits of steel
he can still smell the
flowers she kissed
in a way that he could feel but they sent you the money
her address and the day
and the usual instructions
the blow the mark away step up i said step up do
