

Got It Goin' On

Human Nature

You got it goin', yeah Girl, I wanna play a little game with you
'Cause I kinda like the things you do
Maybe we could do a crazy thing or two
Tonight I wanna spend my time with you Girl, I like your body
And I think you're sexy
You got things that turn me on You got it goin' crazy
You got it goin' on
You got it goin' on
You got it goin' crazy
You got it goin' on Stop, what I'm thinkin' oughta be a crime
And you shouldn't wear the things you do
Oh my, let me dance real sexy from behind
'Cause I wanna show I'm into you Girl, I like your body
And I think you're sexy
You got things that turn me on You got it goin' crazy
You got it goin' on
You got it goin' on
You got it goin' crazy
You got it goin' on You got it goin' crazy
You got it goin' on
You got it goin' on
You got it goin' crazy
You got it goin' on Don't worry about your brother
Or what he's gonna do
I wanna be your lover
And give it all to you
Not talkin' about your sister
She's done it all before Girl, I like your body
And I think you're sexy
You got things that turn me on You got it goin' crazy
You got it goin' on
You got it goin' on
You got it goin' crazy
You got it goin' on You got it goin' crazy
You got it goin' on
You got it goin' on
You got it goin' crazy
You got it goin' on You got it goin'
You got it goin'

You got it goin'
Ha, ha, ho You got it goin'
You got it goin'
You got it goin'
Yeah
