

Song Three Blues

Alberta Cross

Woman I wished you
more than I should
Woman I wished you
more than some would
 Oh my worlds been
 a minor fool
Even a miner burn of my soul

 And I
 I just wanna live
 I just wanna live
 is that a crime
 To live life in asylum

 Oh my word this is all
 after all
 Even death passes all my calls

 And I
 I just wanna live
 I just wanna live
 is that a crime
 to live life in asylum

 More
 I just want more
 I just want more
 is that a crime
