

# Jack Off

## Hanson Brothers

With you babe, behind the bathroom door  
With you babe, until we're stiff and sore  
We did it everywhere, under the basement stairs  
We did it all night long  
We did it all night long

With you babe, I play my favorite tune  
With you babe, the feeling makes me swoon  
Between the sheets, oh, man it's really neat  
We did it all night long  
We did it all night long

Jack off

Just beat it

With you babe, I know I can be strong  
With you babe, I know: Nothing can go wrong  
No tears or pain, No waiting game  
With you I can't go wrong  
with you I can't go wrong

With you babe, the time just slips away  
With you babe, I am a child at play  
I've got my bird in my hand, I've got my promised land  
With you I can't go wrong  
with you I can't go wrong

Jack off

1,2,3,4!

I'm going to hell, pray for me  
I'm going crazy, pray for me  
I'm going to hell, pray for me  
I'm going to hell, I'm going to hell

With you babe, I moan and then I weep  
With you babe, I haven't slept for weeks  
and now for years and years, I'll cry these one eyed tears

I'll cry them all night long  
I'll cry them all night long

Jack off

Just beat it
