

# Lost In A Crowd

## Rusted Root

Invoke the light to shelter you  
'Cause everybody wants a piece of you  
Yeah oh oh oh Yesterday lost in a crowd  
Yesterday lost in a crowd  
I was lost, lost, now I'm found Yesterday I was lost and you kicked me some food  
Boy it was nice to be here with you Yesterday, lost in a crowd  
Yesterday, lost in a crowd  
I was lost, lost, now I'm found Yesterday, lost in a crowd  
Yesterday, lost in a crowd  
I was lost, lost, now I'm found Invoke the light to shelter you  
Cause everybody wants a piece of you  
Its the dyin' man, what she said Invoke the light to shelter you  
Cause everybody wants a piece of you  
Its the dyin' man, what she said Yesterday I was lost and you kicked me some food  
Boy it was nice to be here with you
