Perfect Love and Understanding

Israel Vibration

I'm saying it's you
Then you come and tell me
That it's me
Then we started to fight
How could that be right ?
Liberty, cause with
Carelesness you see
If you lie down with dog
Sure you can go rise up with flea
And if you mash fe me corn
Sure you can go mek me yawn
And if you scratch fe me back
Sure me ago scratch fe yours too
All we need is
Perfect love and understanding
And if we try try try
We can work this out
