

Failures

embrace today

I wont hide behind my fuckign words or my failures.
I dont want you to fucking pray for me
because I've been here a thousand times before.
I never know what the fuck is in store.
and I dont want you to fucking pray for me.
I wont hide behind my fucking words.
Some believe that everything in life comes for free.
I will work until I bleed because anything doesnt come for free.
I've been here a thousand times.
I never know what the fuck is in store.
I dont want you to fucking pray for me.
and your days your fucking days wont come.
when everythings the same.
you say that things will change.
things wont change i will never hide behind my words.
things wont change and i will never turn my back on my friends.
Things wont change.
