

# Come Back to Me (Live Acoustic Version)

## Amely

I feel the weight of silence crashing down  
It brings me to my knees  
Remember back to when we had it all  
When you stood next to meBut with every kiss it tastes like goodbye  
And I don't wanna feel like this will be the last timeI stopped breathing  
My heart's not beating  
Begging you on my knees  
And I'll say never  
Just stay forever  
Will you come back to me  
Just come back to me  
I stole the moment  
But the moment stole the breath right out of me  
(Oh oh oh oh)  
Regretting every second left in fear  
Your ghost is haunting meBut with every kiss it tastes like goodbye  
And I don't wanna break here tonightI stopped breathing  
My heart's not beating  
Begging you on my knees  
And I'll say never  
Just stay forever  
Will you come back to me  
Just come back to meI can't hold myself under time  
Can't heal everything  
Try and somehow discover  
Find yourself again  
I stopped breathing  
My heart's not beating  
Begging you on my knees  
And I'll say never  
Just stay forever  
Will you come back to me  
Just come back to meI stopped breathing  
My heart's not beating  
Begging you on my knees  
And I'll say never  
Just stay forever  
Will you come back to me  
Just come back to me
