

Dirty Pearl

[Angela McCluskey](#)

She's not your average girl

She's just a dirty pearl

She might be priceless

But they're blind to itShe got that halter top

She haunts the truck stop

She's got several secrets

Scribbled on a matchbookShe's showing you her scars, isn't she?

She's sleeping with the stars, isn't she?Oh, but you can do what you like, boys

Oh, you can do what you please

Oh, just be gentle with that girl

She's shining like a dirty pearlYeah, it's such a lovely world

You can have her for a rusty dime

When she gets her head around to it

She's gonna buy that Chevy Nova and point it at the oceanShe's showing you her scars, isn't she?

She's sleeping with the stars, isn't she?Oh, you can do what you like, boys

Oh, you can do what you please

Oh, just be gentle with that girl

She's shining like a dirty pearlShe's shining like a dirty pearl

Shining like a dirty pearl

Oh, she's shining like a dirty pearl
