

# I Will Rise

## Keynote

There's a peace I've come to know  
Though my heart and flesh may fail  
There's an anchor for my soul  
    I can say, it is well  
    Jesus has overcome  
And the grave is overwhelmed  
    The victory is won  
    He is risen from the dead  
And I will rise when He calls my name  
    No more sorrow, no more pain  
    I will rise on eagle's wings  
    Before my God fall on my knees  
        And rise, I will rise  
    There's a day that's drawing near  
    When this darkness breaks to light  
        And the shadows disappear  
    And my faith shall be my eyes  
        Jesus has overcome  
    And the grave is overwhelmed  
        The victory is won  
        He is risen from the dead  
And I will rise when He calls my name  
    No more sorrow, no more pain  
    I will rise on eagle's wings  
    Before my God fall on my knees  
        And rise, I will rise  
    And I hear the voice of many angels sing  
        Worthy is the Lamb  
    And I hear the cry of every longing heart  
        Worthy is the Lamb  
    And I hear the voice of many angels sing  
        Worthy is the Lamb  
    And I hear the cry of every longing heart  
        Worthy is the Lamb  
        (You are worthy, You are worthy)  
        Worthy is the Lamb  
    I will rise when He calls my name  
        No more sorrow, no more pain  
        I will rise on eagle's wings

Before my God fall on my knees  
And rise, I will rise, I will rise
