Feels Like

Mutated Forms

I fail in every single way
But every time I hear You say
"Faithful one, come to this place
The place of rest where you belong"Anticipate the final day
When I fall into Your warm embrace
With everything that Ive been through
And nothing else comparesAnd it feels like
All these tears are coming through
When I think of all You doAnd it feels like
All this joy is bleeding through
When I think of seeing YouI complicate this very state
Of resting in what You create
Nothing goes out Your control
Youve given me this very soulYou cared enough to take my place
And given me unending grace
I know that You know every need
Thats my securityAnd it feels like
All these tears are coming through
When I think of all You doAnd it feels like
All this joy is bleeding through
When I think of seeing YouAll Your ways are so mysterious
And never far Your ear to hear us
Ill never thirst from this drink
That You giveAnd it feels like, and it feels like
And it feels like, and it feels like
And it feels like, and it feels like
And it feels like, and it feels likeAlleluia
Alleluia
Alleluia
