

# Did You Ever Think (remix)

[R Kelly](#)

Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would be the don?  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?  
Have a show with fifty million viewers  
I used to think about how I was gonna make it?  
Struggling day to day just trying to get this paper  
Hoping the day would come when things would go my way  
But now I'm living lavish and all I do is hear them say  
Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would be the don?  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?  
Have a show with fifty million viewers  
Now I've been around the world and seen so many things  
Partied in every club nothing but V I P  
I never take for granted these luxuries I have  
Just try my best to answer all of these questions that I ask  
Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would be the don?  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?  
Have a show with fifty million viewers  
Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would be the don?  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?

Have a show with fifty million viewers  
I used to play the game, at night the same old same  
Dreaming about city lights it was my only lie  
And now it's world wide shows as if I can fly on over  
Now I can't go nowhere without the whole world due to know  
Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would be the don?  
Have a crib with a fifty acre lawn  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?  
Have a show with fifty million viewers  
I used to dream about this life yeah  
Now I'm sitting on first class flights  
Now they all wanna know  
Did you ever think that you would be this rich?  
Did you ever think that you would have these hits?  
Did you ever think that you would  
Have a crib with a fifty acre lawn?  
Did you ever think that you would be this paid?  
Were there times when your ass was real afraid?  
Did you ever think that you would sell out tours?  
Have a show with fifty million viewers
