## Miami Vice

Wild is the wind  
That strips away our sins  
Yours is the night but you  
You don't know where to begin  
But I heard you say you've got a feeling  
That it's just around the bend  
I heard you say sometimes you fall  
Into the arms of no one at all  
I mean to say that  
That that's alright  
I did what I could  
Oh, sometimes I run and  
Yeah, sometimes I fall  
But if it's L O V E, I'll, I'll see you later  
L O V E, I'll, I'll see you later  
Yours is the fire  
That gets in my head  
Mine is desire, so let it  
Well, let it burn down your bed  
'Cause I have heard about those stories  
Yeah, I guess everyone has  
I heard them say sometimes you fall  
Just on your own with no one at all  
I mean to say that  
That's alright  
I did what I could  
Oh, sometimes I run and  
Yeah, sometimes I fall  
But if it's L O V E, I'll, I'll see you later

L O V E, I'll, I'll see you later  
Oh, you know, sometimes I run  
Yeah, sometimes I fall  
But if it's L O V E, I'll, I'll see you later  
L O V E, I'll, I'll see you later  
L O V E  
L O V E  
L O V E  
L O V E

Yes, I'll see you later  
I'll see you sometime  
I'll see you there  
I'll see you there  
And you know you  
And you know you  
Can't touch love with a [incomprehensible]  
Can't touch love with a [incomprehensible]  
L O V E  
L O V E  
[incomprehensible]I'll see you later  
I'll see you sometime  
Sometime  
Sometimes I run  
Sometimes I fall  
Sometimes I cry  
Sometimes I hide  
[incomprehensible][incomprehensible][incomprehensible][incomprehensible]
