Time Will Change Everything

Forever Changed

Can you see all that we have built?
There's nothing that we've done that I would change.
You want to know how I'm doing here?
I think about you every night and day.
The time goes unseen; change everything.
Now, I will be waiting for you, I will be waiting.
(You're beauty stays with me)
Now, I will be waiting for you, I will be here.
All this time, the letters that you've sent remind me we're together until the end.
When you come home I'll open up my arms, we'll be as one.
There's nothing left to mend.
