Sparkle Lipstick

Cinerama

Sparkle LipstickOh God, it's got to be time for this
Moving close for that very first kissYour sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstickAnd did you catch me staring at your breasts?
I'm just wondering when we're going to get undressed
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstickBut you're so quiet that I've started wondering whether
If, honey, you and I are going to sleep together
The mood is right and I think you might
But I don't want to spoil it all nowBut as I hang our coats up on the pegs
You keep self consciously crossing your legsYour sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
But you're so quiet that I've started wondering whether
If, honey, you and I are going to sleep together
The signs are right and I think you might
But I don't want to spoil it all nowÂ© Gedge/Cleave 2002
