

Sparkle Lipstick

Cinerama

Sparkle Lipstick Oh God, it's got to be time for this
Moving close for that very first kiss Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick And did you catch me staring at your breasts?
I'm just wondering when we're going to get undressed
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick But you're so quiet that I've started wondering whether
If, honey, you and I are going to sleep together
The mood is right and I think you might
But I don't want to spoil it all now But as I hang our coats up on the pegs
You keep self consciously crossing your legs Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
Your sparkle lipstick
But you're so quiet that I've started wondering whether
If, honey, you and I are going to sleep together
The signs are right and I think you might
But I don't want to spoil it all now Â© Gedge/Cleave 2002
