Earthquake

Chixdiggit!

whenever I'm around you're never really happy
everything I ask you ends up really snappy
you're always walking round, stumble on the floor
cause you don't wanna be with me no moreit's like an earthquake, earthquake
whenever we're togetherit's like an earthquake, earthquake
whenever we're togetherearthquake, earthquake
whenever we're togetherearthquake, earthquake
whenever we're together
