

Cheapseats

Zed Head

'cheapseats' - john 'the fogman' burkitt (c) 2006

blow the dust off that whiskey, there's a Texan come to town
blow the dust off that whiskey, there's a Texan come to town
he's lookin' spry and frisky, you know there's a party goin' down

he's a fourth line resistor, he drives a bow-tie chevrolet
he's a fourth line resistor, he drives a bow-tie chevrolet
chapcrap call him mister, you know he blows them all away

well you won't see cheapseats comin', he's a low down daddio
no you won't see cheapseats comin', he's a low down daddio
when you see that silverado, say good-bye to ryes paddy-joe
