

# Deja Vu

## Jhene

Just when I had decided and told myself I didn't want nobody,  
You appeared to me  
Just when I decided love itself was just a made up story,  
You made it real to me  
Tell me what the chances are  
you, me together forever  
is something that I swear I've done before  
(and I) won't let nothin' happen to this feelin, love and cuddle with me  
is this what I was created for

Chorus:

For internity I made my mind up  
can't believe I finally found ya  
my one true love  
I'm livin DeJa Vu  
You've been in my dreams so many times  
I can't believe this is my life now  
your my true love  
I'm livin DeJa Vu  
Although I've known you for years  
it always feels like the first time I've seen you  
when I open up my door  
I wish I could make time stand still to feel your arms around me baby  
maybe, for a minute or two more  
When you look into my eyes,  
you make me feel like I'm the only person hear in the entire world  
(and I) I know I may sound crazy  
but I think the world was made to bring you to me

I was meant to be your girl  
For internity I made my mind up  
can't believe I finally found ya  
my one true love  
I'm livin DeJa Vu  
You've been in my dreams so many times  
I can't believe this is my life now  
your my true love  
I'm livin DeJa Vu  
oooo  
Its crazy, its crazy

o, no  
I'm livin DeJa Vu...oooooooo  
o, no no no no no no no  
For internity.....  
For internity I made my mind up  
can't believe I finally found ya  
my one true love  
I'm livin DeJa Vu  
You've been in my dreams so many times I  
can't believe this is my life now  
your my true love  
I'm livin DeJa Vu (x2)
