

On My Way

Freddie Nystrom

(I) Got my engine running, riding all alone
(I) Got my engine running, riding all alone
(I) On My Way home to you

On a lonesome road, coffee is my company
On a lonesome road, coffee is my company
(I) On My Way home to you

guitar solo part

Outskirts of town, passed the city limits
Outskirts of town, passed the city limits
Hope you still, still love me

guitar solo part

(I) On My Way home to you
(I) On My Way home to you
(I) On My Way home to you
