

Teenage Queen

Aiden

I can see the void
Dark like prison
Take me to the eyes of this boy
And now dance with me I can see the world
Sharp like paper
Take me to the eyes of this girl
And now dance with me You found this one long kiss
Your shadow stays forever in a safe tonight
I'm falling to the ending
Dance with me Oh, tonight I'm a teenage queen
(Sometimes I feel so beautiful)
Oh, tonight I'm a teenage queen and it never stops
The world we live won't laugh this hard
The weight of the world won't seem so bad now Well, can you feel the noise?
Cut like ribbon
Take me to the girl and this boy
And now dance with me Well, you found this one long kiss
Your shadow stays forever in a safe tonight
I'm falling to the ending
Dance with me Oh, tonight I'm a teenage queen
(Sometimes I feel so beautiful)
Oh, tonight I'm a teenage queen
(Sometimes I feel so beautiful) Oh, tonight I'm a teenage queen
And it never stops
The world we live won't laugh this hard
The weight of the world won't seem so bad now Break, break, break, break, now I'm coming to
Tonight, tonight I'm a teenage queen
Well, take, take, take, take, now I'm coming to
She walks by, I feel serene Break, break, break, break, now I'm coming to
Tonight, tonight I'm a teenage queen
Well, take, take, take, take, now I'm coming to
She walks by and I feel serene Oh, tonight I'm a teenage queen
(Sometimes I feel so beautiful)
Oh, tonight I'm a teenage queen
(Sometimes I feel so beautiful) Oh, tonight I'm a teenage queen
And it never stops
The world we live won't laugh this hard
The weight of the world won't seem so bad now
