Time (The Princeton Nassoons)

Ben Folds

Think of me
Anyway you want
I can be
The problem if that's easier
In your head
Move the pieces around
Things I've said
Turn the memory upside downAnd it makes it better I know
But sometimes it's hard to swallowIn time I will fade away
In time I won't hear what you say
In time, but time takes time you knowTell your friends
The things they want to hear and see
Start the drums
Band against the enemyAnd in time I will fade away
In time I won't care what you say
In time, but time takes time you knowIn your head
Move the pieces round
Things I've said
Turn the memory upside downIt might make it better, I know
But sometimes it's hard to swallowIn time I will fade away
In time I won't care what you say
In time, but time takes time you know
Time takes time you know
