## **Cowboy Joe**

## **Volker Rosin**

(instrumental) I'm not looking to change your mind, There's a place, call it home It's no secret, the world unwinds Maybe now you're not alone It's just another day In the life of cowboy joe Straitlaced to the bone (this story will not play?) You take the wheel and play the chance Suddenly the room's divided As in the way of true romance It's always undecided It's just another day In the life of cowboy joe Shipwrecked to the bay

(this story will not play?) Every time he climbs back up Smacked down with a dime It's evens or odds now Just ran out of time (instrumental) Love's a struggle, there's a fight No bone of contention So unhappy, well here's the bite That's the mother of invention It's just another day In the life of cowboy joe Strange place to play It's just another day In the life of cowboy joe (fade out)
