Celebrate

Whitney Houston

Yeah yeah yeah yeah yeah
Yeah, yeah, yeah ooh yeah, u-uu-uh
[whitney houston:]Everybody?s been so uptight
And forgetting to live the life
Let all the problems get them down
Till they make you wanna shout, oh yeah!
[jordin sparks:]See everybody?s been down in luck
Now finally things are looking up
The sun is chased all the rain away
No more obstacles in our away, yeah.
[hook:]It?s time to celebrate (come on, yeah)
Come on and celebrate (that?s what i want)
I wanna celebrate (because it?s so right)
I celebrate you (i celebrate you, yeah)
Uh-hu
[jordin:]There is oh so many of us
(that underestimate the power of love)
So much hate going round and i?ve had enough
I?ve invited you for the love.
[whitney:]Though we been going through changes
Just trying to make it from day to day
Tonight don?t you worry about a thing
Just cash your cares away.
[hook:]It?s time to celebrate
(come on, yeah)
Come on and celebrate
(it is what i want)
I wanna celebrate
(it?s time to celebrate)

I celebrate you, i celebrate you!!
It?s time to celebrate
(come on, come on)
Come on and celebrate
(no matter what color you are)
I wanna celebrate
(tonight everyone is a star)
I celebrate you, i celebrate you, u-uh!!
I?m gonna give you a reason

Why you should clap your hands and jump for joy!
There?s something we can believe in,
Now that the rain is gone we?re gonna dance in o a rainbow! Oh-oh oh u-hu
It?s time to celebrate
(come on, yeah)
Come on and celebrate
(time to celebrate)
I wanna celebrate
(because it?s so right)
I celebrate you
(i celebrate you)
Celebrate me, celebrate me.
[hook:]It?s time to celebrate
(time to bring you and me)
Come on and celebrate
(no matter what color you are)
I wanna celebrate
(tonight everyone is a star)
I celebrate you, you celebrate me
It?s time to celebrate
Come on and celebrate
I wanna celebrate
I celebrate you, you celebrate me u-uh
X3
[we love you whitney!!]
