Relax By the Shore

Waverland

1st Verse:
its 90 plus and the sun is full
the cloud coverage is next to nothing nil
and im thinking bout absolutely nothing
and im wondering why - why? that drink ainâ€™t mine
mr bartender can i get a drink - im thirsty - parched please sir
mr bartender can i get a round - and keep em coming please sir
oh no hey no - why donâ€™t you just chill out?
oh no weâ€™re gonna party till the sun goes down

chorus:
relax by the shore
im a close my eyes and thank the Lord
that summertime is here in sight
i hope you realize
its in your eyes the sunsets quickly into night

2nd verse:
the waters bluer than the tropics
im gonna dance to the sound of my ice cubes rockinâ€™
im gonna lean back in my chair
oh no i donâ€™t care no if you donâ€™t care
smooth smooth - smoother than the sound (clap clap-eh)
so familiar now
cuz we do what we can
we do what we can and we do it right now

Bridge:
relax by the shore - weâ€™re not alone weâ€™re not the only ones
and we can take it slow - nowhere to go until the day is

we gonna jam when the sun goes down
but in the mean time right now weâ€™ll relax down
by the shore - by the bay - by the ocean
so baby lets playm a relax - down by the shore
cuz im a relax - thankful for something more
