THE LAST WOMAN ON EARTH

Incognito Written By paper HEART When it came right down to it

You werent that good to me

When we were together nothing fit

You were the thorn that hindered me. Whether you knew it or not

You broke me

No matter how much I try to hide it

I still bleed. Even if you said you were wrong I couldnt believe you

Even if you told me youd be warm it would only deceive you

Even if you reversed all the hurt I couldnt even get with that

Even if you were the last woman on earth I still wouldnt take you back. When it came right down to it

You couldnt see the forest for the trees

When we were apart nothing clicked

You were the bat that shattered me. Whether you knew it or not

You broke me

No matter how much I try to hide it

I still bleed. Even if you said you were wrong I couldnt believe you

Even if you told me youd be warm it would only deceive you

Even if you reversed all the hurt I couldnt even get with that

Even if you were the last woman on earth I still wouldnt take you back. COPYRIGHT 2002 LoMax MUSIC.
