Overthink

Sinch

This overwhelming thought has gotten inflamed and red Like a festering sore inside my guilt-ridden head Leave the lights on now and we'll just talk a while I want to be the only one that can make you smile I don't know what's going on I can't feel my hands I don't know what is wrong maybe you'd understand Well I don't know what's going on I just start to sink When I overthinkJealously lashes out and it's so predictable Sometimes the more you push is the harder I pull I'm so tired of the lies I'm so sick of sympathy You can't let it go or maybe it's just meI don't know what's going on and I don't think I care I don't know what is wrong maybe you'd understand Well I don't know what's going on I just start to sink When I overthinkbreathe out of this hole oh I've lost control when I fear is in time would you forget the fucking lines?freeNow that my hand's clean it's really hitting me hard Smile show me teeth behind that false facade Can you feel the pain or are you numb again? Please let me indulge in some of your ignoranceI don't know what's going on I don't think I care I don't know what is wrong maybe you'd understand Well I don't know what's going on I just start to sink
