Morning Light (Softwar Remix)

Mitzi

You and I go well together
Me and you don't fit at all
I don't have all answers
But I feel just the same
Try to put it all past you
But it just happened this way
I can't help but say it
Don't wait up
Sleep well tonight
We'll meet again in morning light
Far away across the night
We'll meet again in morning light
Tomorrow comes in my mind
We'll meet again in morning light
Feel the sun, remain the night
We'll meet again in morning light
It goes round like off the banker
Sign I know too well
I don't have all the answers
But I feel just the same
Try to put it all past you
But it just happened this way
I can't help but say it
Don't wait up
Sleep well tonight
We'll meet again in morning light
Far away across the night
We'll meet again in morning light
Tomorrow comes in my mind
We'll meet again in morning light
Feel the sun, remain the night
We'll meet again in morning light
Don't wait up
Sleep well tonight
We'll meet again in morning light
Far away across the night
We'll meet again in morning light
Tomorrow comes in my mind
We'll meet again in morning light

Feel the sun, remain the night
We'll meet again in morning light
In morning light
In morning light
In morning light
In morning light
