Change

Jenny Franck

Tip-toed at the doorâ€¨
I'm sureâ€¨
You were everythingâ€¨
But I know it changes - thingsâ€¨
While you're watching meâ€¨
We both change â€¨
We both changeâ€¨â€¨
Blinked your eyes and you lost everything in your sightâ€¨
In your sightâ€¨â€¨We change what we don't rearrangeâ€¨
Or we'll lose sight on why we're still hereâ€¨
We change what we don't rearrange
â€¨It just travels so far from what's nearâ€¨
We all changeâ€¨â€¨Tip-toed at the doorâ€¨
Quietly, hereâ€¨
I saw everything
â€¨But I know it changes - things
â€¨"You must understand
â€¨We all change, we all change"
â€¨â€¨Blinked my eyes I saw love and guilt thrive â€¨
As we watch ourselves dieWe change what we don't rearrange
â€¨Or we'll lose sight on why we're still here
â€¨We change what we don't rearrange
â€¨It just travels so far from what's nearâ€¨
We all changeWe change what we don't rearrangeâ€¨
Or we'll lose sight on why we're still here
â€¨We change what we don't rearrange
â€¨It just travels so far from what's nearâ€¨
We all changeWe all change, we all change, we all changeâ€¨
Oh we change, we change, oh we changeWe Change
