Break Ya Back

Timbaland

[Dev]
Do that, you the big boy prove that, yeah
Or you like the way I do that , yeah
Got the club like cootie, yeah
What I'm trying to do is
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back

[Timbaland]
Timmy is my nickname
Making beats' my main thing
When it comes to women
If you know you're working bootey
Money is no object, what I want I got that
Don't give me griffing
Cause I still hand in the budgets
Platinum plaques are worth that
Look what I provided
Virginia on the map now we call it the riot
And the Virginia Islands
Belly is a hot-head
I'm so fly, can't tell I switched to chocolate
Back to this clubin'
Lady where's your husband?
I got you high rubbin
From this base I be pumpin
Bum bum bum bum bum
Timbaland I be buzzing
Haters are haters
When I know you love me, only God above me
Timbaland, Timbaland got to got to cry for me
Go and toast your muffin
At the ugly
Cause I'm bout to beak ya, break ya, break ya back honey

Break your back homie
Break your back homie
Break your back homie
Break break, break
Break your back homie
Break your back homie
Break your back homie

[Dev]
Do that, you the big boy prove that, yeah
Or you like the way I do that , yeah
Got the club like cootie, yeah
What I'm trying to do is
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back

[Dev]
Dev I'm here from Cali
No one in my alley
All the boys is at me
Trying to find my hidden valley
I just think of all the
In the back tomoley
My swagger is so sexy I can start my pimp valley
The game they can't deny me
I just keep on going cause I'm cooler than ice-cream
Dev on your flat screen
Yes I got fussy
I know you wanna be my pimp but you can be my offspring
Hi hi hi hi hi
Boys come with me me

Bum bum bum bum
Drum base break it for me
I'm the top, don't get caught in your philly
Get uÅ¡ed to hear me
Why don't you just kill me
I'm gonna be around for a while, you feel me
Club in the frizzy
All my girls frizzy

I'm trying to do is
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back
Do that, you the big boy do that
Or you like the way I do that, yeah
What I'm trying to do is
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back
Break ya back, Break ya back
I'm tryna break ya back
