# Over The Edge

## Fu Manchu

Keep it centered - keep it low
Keep it runnin' - let's go
Watch it climb - on its own
The more we see - the more we knowWe know
Four wheels and a lift
What we gave - we get
The convoy was downThere was nothing left - no one around
We strapped ourselves in tight
We were the first - and we're alright
It's movin' way too fast
Now shut the doors - and hit the gas[Chorus: x2]
So over the edge
They saidI lift my head I soon realized
I remembered - back in time
What was rollin' along
Movin' circle - on and onAn image so small
We heard the word - we heard the call
Let's keep our story straight
It doesn't matter - it's way too late[Chorus: x2]The more we see We know the more we know [Repeat: x4]
