

How's the Weather Down There

Local H

You take the things you want and leave everything you need
But you better take heed, you won't get to see me bleed.
I can always change, but you'll always be the same
It's such a crying shame, but someone should take the blame.
And if you go home with another tough guy
I don't wanna here you cry how you can't look him in the eye
If you go home with another tough guy
I don't wanna here you cry
I won't help you say good-bye, If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that I know I'm evil mean and I know I'm playing tough
And I know you've had it tough, but I think I've had enough.
I was unaware of you ever playing fair
And I really don't care, how's the weather down there?
But if you go home with another tough guy,
I don't wanna hear you cry how you can't look him in the eye
And if you go home with another tough guy,
I don't wanna hear you cry there's no more of you and I. If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that And if you go home with another tough guy, another tough guy
Who's just a little to high

If you go home with another tough guy,
I don't wanna hear you cry there's no more of you and I'm up in the air, how's the weather down there
I don't wanna play fair and really don't care
I'm up in the air, how's the weather down there
I really don't care
I really don't care If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
I can help you out with that
If you wanna leave
If you wanna leave
If you wanna leave
If you wanna leave
If you wanna leave
If you wanna leave
