

Reunited

Fan Death

will there b a reunion, Armageddon coming, resurrecting these mummies
if you're da best then im a zombie
yeah, da best to never do it bitch
cause in my mind, i run my own shit
and in it(mind) only i exist
to b continued.....yea i do see a little u in my dadtrue story dat could change da worldi don't need a
deal i have much respect for any game
june 10 1985 my life began but da world changed
time apart from anyone or anything is time changed
the world is not da same they say in my mind it never was
and it will continue to change until da beginning begins again
its not about da best unless only u exist
in dis world theres always a better
