Fire and Ice

Gotthard

Fire and ice, thrilling device
And we don't take no prisoners tonight
Stand up and shout, gotta let it all out
Cuz we all know the feeling is rightLike a bullet coming from a gun
On our way to be the number oneWe gotta win, let's go
Giving it all just to reach our goal
Win and show
We'll go through fire and ice
Quick as a blink of an eye, it's a tear in the sky
So the way to the top just begun
It's the heat of the game, and you're inside the flame
Raise your hands to the beat of the drumWave your banners, come and sing along
On our way to be the number oneWe gotta win, let's go
Giving it all just to reach our goal
Win and show
All for one and one for all
Win, let's go
Now it's time do you hear the call
Win, and show
We'll go through fire and iceLike a bullet coming from a gun
On our way to be the number one
We gotta win, win
Giving it all just to reach our goal
Win, win
All for one and one for all
Win, let's go
Now it's time do you hear the call
Win, and show
We'll go through fire and ice
